WHAT IS GALAXYCON?

Welcome to GalaxyCon Louisville at the Kentucky International Convention Center!

What is GalaxyCon? It's More Than a Comic Con, and as you will see in these pages and in our halls. We provide live entertainment like comedy shows, dance parties, wrestling, costume contests, burlesque and more. You'll find cool books, art, toys and collectibles in the Exhibition Hall in addition to Guest Creators, Cosplayers, and Celebrities. As you flip through the schedule in this book, you'll also find that you can see our Guests on stage to talk to their fans for no additional charge.

SCHEDULE OF EVENTS

We're doing something fun in every corner of the Kentucky International Convention Center. This program guide is designed to give you a complete idea of the kinds of events we run. Flip through these pages to find what you can do at GalaxyCon Louisville and when and where events take place.

If you'd like a comprehensive list of everything happening right now with full descriptions of the events, our "GalaxyCon" app is the best resource for that. The app also allows you to sort by event type.

Look up "GalaxyCon" in Google Play or in the Apple App Store.

SUBJECT TO CHANGE

This program guide was printed: **November 13, 2019**

Announced Events and Guests are subject to change and/or cancellation without notice. We announce changes on the GalaxyCon Louisville website, and via our social media channels, but sometimes last-minute changes will occur. The most accurate schedule can be found on the GalaxyCon app. You can also set the app to trigger alerts if any of your favorite events change time or room.

CONSENT TO FILM

GalaxyCon Louisville attendees may be photographed or filmed at any time at the convention. By purchasing admission to GalaxyCon Louisville, the attendee consents to being recorded (by audio, visual and/or other means) for exhibition and exploitation by any means in all media now known or hereafter devised worldwide in perpetuity. In other words, by attending GalaxyCon Louisville, you give your consent to be photographed and appear on camera.

CONTACT US

If you need assistance during the event, you can ask a nearby volunteer for help or you may also go to the pre-registration info desk, and someone will gladly assist you.

Our phone will go to voicemail during the event so that we can better serve you onsite. If you need someone to follow-up with you on any matter, please email louisville@galaxycon.com.

CODE OF CONDUCT POLICIES

All attendees are expected to conduct themselves in a manner which is respectful of other attendees at all times.

You may not engage in any kind of behavior that could be deemed harassing, bullying, or stalking in any way.

While this is a very friendly environment with a lot of hugging and touching, 100% of that is expected to be with consent.

Do not touch peoples' hair, bodies, costumes, props, or other items without permission.

Do not use hateful speech.

Do not follow anyone without their permission.

Security personnel are on site to assist anyone that feels uncomfortable at the event, and you may also ask for assistance at our info desk at pre-registration.

If Security, Louisville Police, or GalaxyCon Staff consider anyone's behavior to be in violation of the code of conduct policies, you may be ejected from the event and have your wristband or badge removed without refund or recourse of any kind.

Please be respectful of others at all times so that we can all have an outstanding event.

SIGN & BANNER POLICIES

All signs and banners must follow all of the rules of both costumes and props, and are also subject to the general rating of the convention (PG-13) and all other convention policies.

Signs and banners may not contain solicitation ("Will _____ for _____", or any variation).

We have a strict NO SOLICITATION POLICY!

Signs and banners must also contain zero profanity and offensive material.

You may carry a sign as part of your costume, so long as the sign is clearly relevant to the character you are portraying. Examples include: "Objection!" signs for a Phoenix Wright costume, "Hey, listen!" signs with a Navi costume, etc.

Signs and banners that do not comply with this policy or any other will be confiscated, and may result in your removal from the convention. This policy also applies to white boards and other writing surfaces being displayed to the public.

Regardless of whether the sign is acceptable or not, no sign or banner may be affixed to any surface in or around the Convention Center.

GalaxyCon Louisville reserves the right to amend or change these rules at anytime for any reason to provide for the safety, security and general well being of attendees and the general public.

NO WEAPONS

In light of recent events, we have chosen to tighten security around the event and have recently updated many of the rules. This is done to protect our attendees and make sure that everyone may enjoy the convention without concern.

GalaxyCon Louisville is dedicated to the safety and security of ALL attendees.

Use common sense and remember what seems harmless to you may appear like a threat to someone else.

All attendees must adhere to Kentucky State Law at all times during the weekend of GalaxyCon Louisville, including laws regarding firearms and weapons. If it is illegal outside of the convention, it is illegal inside the convention.

Please read this entire policy before attending GalaxyCon Louisville. Failure to follow this policy may result in your removal from the convention without refund.

We have ZERO TOLERANCE FOR WEAPONS.

The following items are NOT ALLOWED at GalaxyCon Louisville:

- NO Live firearms: This includes modern guns, hunting guns, historic guns, air soft guns, BB guns, cap guns, paintball guns, or pellet guns – either functioning or de-commissioned.
- NO CONCEALED FIREARMS EVEN IF YOU HAVE A PERMIT
- NO Realistic replica firearms: This includes reproduction, fake or toy guns that can be confused for functional firearms – either metal, solid resin/plastic/rubber.
- NO Functional projectile weapons: This includes blow guns, functioning crossbows, functioning long bows, silly string, slingshots, water balloons and water guns. No props or weapons capable of firing any projectile or powder charge of any kind.
- NO Sharpened metal-bladed weapons: This includes axes, daggers, hatchets, knives, kunai, shuriken, swords, sword canes and switch blades.
- NO Explosives: This includes firecrackers and fireworks.
- NO Chemical weapons: This includes mace and pepper spray.
- NO Blunt weapons: This includes brass knuckles, clubs and nunchaku.
- NO Hard prop weapons: This includes props made of metal, fiberglass and glass.
- NO laser pointers: If you have a laser pointer in your prop or weapon, make sure it cannot function by either removing the batteries, or simply not bringing it.
- NO Items that cause excessive noise levels like vuvuzelas, grenade whistles and grenade horns.
- NO Whips
- NO Aerosol mustard
- NO Tasers

Prop weapons are homemade or commercially rendered costume prop weapons that support the overall look of a costume or character, including futuristic prop weapons made to look like phasers, ray guns, light sabers, etc.

COSTUME & MASK POLICIES

All costumes at GalaxyCon Louisville must be PG during regular exhibition room hours. After hours, please keep it PG-13. We are a family friendly show. Use common sense.

Anything that is illegal outside of the convention is illegal inside the convention.

GalaxyCon Louisville reserves the right to deem a costume as unacceptable and request the wearer make modifications as necessary, change out of the costume entirely into more appropriate clothing, or require you to leave the convention.

If your costume hinders your vision or movement in any way, you should have a friend, or "handler", with you at all times who can move and see freely. Leashes are permitted; however, if you are wearing the collar, you must be holding the handle. Leashes should not be extended between two or more people, as this causes an issue for the other patrons.

Masks are allowed, however security and staff may ask you to remove your mask at any time, for any reason for identification purposes.

No public exposure. No flashing. State law says that a violation of public decency laws has occurred when the genitals, buttocks, or breasts are exposed to public view for any reason. You must wear shoes at all times (no bare feet) for safety purposes.

QUESTIONABLE MATERIAL

Some costumes from anime, comic books, sci-fi, video games, and other sources may contain questionable material. We do not allow the use of hate symbols on costumes. You may wear a costume that is an accurate representation of an existing character in fandom, but shock costumes, or costumes which have the sole purpose of offending and disrespecting other individuals, cultures, or religions in any way, will not be tolerated. We ask that you be respectful of other attendees.

UNIFORM COSTUMES

Costumes that may be confused with LOCAL LAW ENFORCEMENT OR OTHER EMERGENCY RESPONSE PERSONNEL UNIFORMS are not permitted. GalaxyCon has the absolute right and sole discretion to determine whether a uniform costume is permitted or too close to a real world uniform and to ask an attendee who is wearing a costume that is too close to a real world uniform to adjust it or remove it.

ROLLER SKATES

The Convention Center has banned roller blades, bicycles, roller skates, skateboards, scooters, Segways, wheeled shoes such as Heelys, etc. inside the convention. You may carry these items as a prop, but you may not ride them at any time in the convention center. Hover boards are banned as well.

THE "PROXIMITY RULE"

Any part of your costume that extends more than four inches (4") off of your body is officially considered a "prop" (wings, spikes, helmets, etc.) and should adhere to both the costume policies and weapon policies above.

GalaxyCon reserves the right to amend or change these rules at anytime for any reason to provide for the safety, security and general well being of attendees and the general public.

COSTUME & PROP POLICIES

Prop weapons will be allowed providing they are composed of cardboard, foam, wood or other light materials.

Prop firearms are only allowed if they are clearly toys or props which are made of cardboard, foam, or other lightweight materials. They must also have an orange tip.

Dull metal-bladed replica props must be peace bonded, checked, and tagged at the prop check table. Security will deny entry to anyone without a properly tagged prop.

Bows and crossbows will only be permitted if they're absolutely prop in nature – no tension on the string beyond what it takes to keep it straight, and arrows should not have any form of tip. You are NOT permitted to bring arrows with metal tips into the event under ANY circumstances.

No items can have exposed sharp points, sharp edges, excessive weight or any other features that could be deemed dangerous to others.

All props must be checked at the Prop Check Table, where security will inspect the prop and issue a tag to be placed in a visible area on the prop.

EVERY prop will be handled on a case-by-case basis. You may be asked to take further measures to make the prop safe before it will be given approval. Be prepared for this contingency.

Approved prop tags must be visible on your prop at all times. Removing the prop tag is a violation of the Prop Policy and will result in immediate expulsion from GalaxyCon Louisville.

Any approved prop weapon may be revoked at any time at the discretion of GalaxyCon Louisville staff or security, for reasons including, but not limited to, the item being utilized or brandished in an inappropriate fashion or if complaints are received regarding its improper display.

GalaxyCon Louisville reserves the right to refuse entry of any prop/weapon it deems unfit for any reason. Any misuse of a prop/weapon (horseplay, dueling, fighting, running/swinging, firing, etc.) is grounds for removal and/or ejection from convention premises without recourse, up to and including legal action depending on the severity of the offense.

PURCHASED PROPS AND REPLICAS: If you purchase a replica or prop from the Vendors Room that does not comply with the GalaxyCon Louisville Weapons/Prop policy, you must leave it at the booth and retrieve it when you are ready to leave or when the exhibition room closes. You must take it to your vehicle, or hotel room immediately.

PLEASE NOTE that if you violate any of the above rules you WILL be removed from the convention. THERE ARE NO EXCEPTIONS. If you are asked to leave by a member of GalaxyCon Louisville security or staff, you are required to comply with their requests or risk intervention by law enforcement. These decisions are based on the discretion of the security or staff member you are dealing with at that exact moment.

Do not attempt to skirt the rules. Do not attempt to play games with security or staff. Use common sense. If you cannot abide by the rules, please stay home. We will not endanger or put any of our attendees at risk because you want to have a more authentic costume.

GalaxyCon Louisville reserves the right to amend or change these rules at anytime for any reason to provide for the safety, security and general well being of attendees and the general public.
